

Hello dear Brit!

We all must be informed correctly and make our own balanced decisions. This letter contains important information from official medical and government websites. Please scan QR codes to go directly to the links.

DID YOU KNOW:

- in October 2007, Boris Johnson said "Global over-population is the real issue and needs to be controlled"
- over 1 million side effects and over 1 380 deaths after the Covid vaccines been reported by the "Yellow cards" system on the government website and the MHRA estimate that only 10% of all reactions and deaths are reported
- on www.clinicaltrials.gov you can find the estimated trial completion date for Covid vaccines-2023.
All of them classified as "experimental"
- about "Event 201" - pandemic exercise organized by WEF, John Hopkins University, and Bill and Melinda Gates Foundation. The date of the event was 18 October 2019.
- over 57 000 medical practitioners, medical and public health scientists around the world have signed "The Great Barrington declaration" regarding their concerns about the impacts of Covid-19 policies.

When your health and your loved ones are at stake, the main thing is to be fully informed and weigh all the risks. Because most of the consequences are irreversible.

We see vaccination programs but what about the treatments like "Ivermectin"? Please discuss or share this information with your doctor or vaccination specialist.

We respect any decision you make.

Astra Zeneca

The estimated trial completion date is → February, 2023
